Expansior has a team of presenters who are ready to share with you information about a social cause that raises funds through donation to fund students and alleviate poverty. Face-to-face meetings are conducted in one of the following ways:

- A) **Conference facilities** - These are for bigger groups. We are in the process of scheduling face-to-face meetings in different parts of the country. The venues and times will soon be communicated on this platform.
- B) **Member facilities** - For those who are already members, they can organise themselves into groups and we will come and present to them when it is most suitable to them.
